

International Symposium on

# Chemistry *ViA* Computation

Applications on Molecular Nanoscience

October 30, 2017 Istanbul, Turkey

Welcome,

It is our great pleasure to invite you to attend to the international symposium entitled **Chemistry ViA Computation**-Applications on Molecular Nanoscience, which will be held on October 30, 2017, in Boğaziçi University, Istanbul, Turkey. The symposium will be in honor of **Prof. Dr. Viktorya Aviyente** to celebrate more than 40 years of her contribution to the field of computational chemistry as well as her new title as Emeritus Professor of Chemistry. It will cover all aspects of computational chemistry, especially applications on molecular nanoscience. This one-day event aims to unite researchers, senior or unexperienced, from whole Turkey as well as from international community, to exchange knowledge in a friendly and scientific atmosphere. You are invited to submit abstracts to be included as part of the symposium program for poster presentations. Please visit the conference web site for more information on topics, important dates, and guidelines.

**Venue:** BTS Building in South Campus, Boğaziçi University,  
Istanbul, Turkey

**Date: October 30, 2017**

**Conference website:** [chemviacomp.boun.edu.tr](http://chemviacomp.boun.edu.tr)

**Contact:** [chemviacomp@boun.edu.tr](mailto:chemviacomp@boun.edu.tr)

Deadline for abstract submission & registration:

**Extended to September 29, 2017**

Deadline for early bird payment:

**September 29, 2017**

*This symposium is supported by TÜBİTAK under the grant no: 114F159 by the project titled:  
"Modeling Molecular Motors on Metal Surfaces"*
